Dear Parents/Carers,

Following the visit to our school from an Ofsted Inspector in July, we have received a copy of the report that we can now share with you and we are pleased to inform you that the report confirms that Hunstanton Primary continues to be a 'Good' school.

We are very proud that the inspection team recognised and praised our school for being "welcoming and inclusive", and that the children are "polite and courteous." The report also highlights that our curriculum "helps pupils achieve the school's motto of 'succeed, enjoy and aspire'." This was a pleasure to read.

We are extremely pleased with the many positive and reassuring findings captured during the inspection process. It is a delight to read the inspector's comment on what the school is doing well, particularly with regards to Behaviour, SEN and Attendance.

As with all inspections, regardless of outcome, each school is given areas to work on and we will be rigorous with our continuing plans for improvement within the areas highlighted for our school, within the Ofsted report.

We would like to thank parents and carers for your ongoing support and positive comments and we would also like to thank all the staff for their incredible efforts and dedication to help achieve this outcome Together, we can ensure that we continue to 'Succeed, Enjoy and Aspire' for all our children.

Yours sincerely

Jenny McGee Butler

Chair of Governors (on behalf of the Governing Board)
